CPW Performing Fundamentals

On Saturday, June 13 and Sunday, June 14, Santas, Mrs. Claus, and Elves have a very special opportunity to attend a dynamic two-day workshop, CPW Performing Fundamentals, led by an accomplished Santa, storyteller, and teacher, Robert Seutter, better known as Santa True. Members who attended his short programs at Branson, IBRBS conferences, and elsewhere wanted more of his creative and unique ideas for improving our holiday appearances. And CPW is excited to bring a full weekend program from California to Maryland! CPW has designed a fun, high-energy workshop for folks to attend. Most importantly it's the workshop that Santa Groups all over the US have given standing ovations! This workshop focuses on Performing. The better you are as a performer, the better the opportunities and money will be.
